Subject: RE: Letter of recommendation

Dear Marshall-

Many thanks for all the wonderful musical support you have provided to Naperville Sunrise Rotary fundraising events over the past several years. From romantic black tie evenings to exotic locales like New Orleans or Rio, and even steps back in time, as our Casablanca evening, where you helped us recreate Rick's Café Americain, your versatility, grace and cooperation has always been appreciated. We know that whenever you and your talented musicians are on board, we can count on professionalism, responsiveness and a great evening. Our guests comment again and again that you have a wonderful sense of timing, bringing the party along in a way that is comfortable, yet exciting for the participants. Most importantly, we know that you will help us create the perfect ensemble and the perfect program at a reasonable price. We never worry when we are working with you!

Thank you for lending us your talents. I know our association has led to a number of our members booking you for private parties, weddings, business affairs and political receptions, and that just means you have gained the trust of our entire organization! We look forward to working with you again soon, and will look for you at public venues in the months to come.

Sincerely,

Deborah Newman
